

Applying For Fire Jobs in Grand Teton National Park

- Select the employment link on the National Park Service's Fire & Aviation Management web site at www.nps.gov/fire/employment/emp_jobsearch.cfm.
- Job announcements are listed by series if you click on the National Park Service Fire Jobs – Public link.
- From the list of positions, select the job series you are interested in applying for and note the announcement number, title, and grade of the position.
 - If the position you are applying for is graded GS-2 through GS-5 (Forestry Aid/Technician), refer to Section 1 below.
 - If the position you are applying for is graded GS-6 or is a Biological Technician position, refer to Section 2 below.

Section 1

Connect to the Firefighters Integrated Recruitment Employment System (FIRES) web site at www.firejobs.doi.gov/index.php.

If this is your first time using the FIRES system, you will need to create an account by clicking on "How to Apply," then following the instructions for "New Users."

If you have already registered but have not yet applied for the 2007 season, you need to update your personal information and resume. Click on "How to Apply," then follow all instructions under "Registered Users."

Section 2

On the USA Jobs web page, click on the job you intend to apply for. This will take you to the information on how to apply for that position.

Read and follow the instructions on the page carefully to ensure your application will be processed correctly.

The FIRES announcement for Forestry Technician positions will be open from December 1, 2006 until approximately April 15, 2007. Locally-announced jobs for the Biological Science Technician positions are expected to open in mid-January and will be accepted through mid-February 2007. Applicants are encouraged to apply early, as hiring will begin by early February with all jobs typically filled by mid-March.
